BRAVILOR BONAMAT

SEGO

FULLY AUTOMATIC ESPRESSO BREWER

The Sego is a fully automatic bean-to-cup espresso machine, designed for effortless operation and reliable performance. With the press of a button, it delivers café-style beverages—espresso, cappuccino, latte—using freshly ground beans, making it ideal for offices, lobbies, and mid-volume self-serve locations.

Bravilor Bonamat's Innovative and Exclusive Solutions:

- Compact footprint suitable for tight spaces
- Patented CIRCO-brewer for consistent extraction quality
- Durable stainless-steel boiler
- Intuitive touchscreen with customizable drink recipes
- Height of 26" (38" with clearance) , width of 12", depth of 18"
- 110v plug 15 amp.
- Water connection
- Daily rinse programs for minimal maintenance

Inside, the Sego features:

- Three ingredient canisters: one for coffee beans, two for instant ingredients such as powdered milk or chocolate
- 7-inch full-color touchscreen: user-friendly interface for drink selection and system settings
- Adjustable cup stand: fits small espresso cups to tall latte glasses
- Offers 30 beverage types
- Hourly capacity: approximately 60 different beverages

Additional features:

- Filtration system
- Drain tube
- Below counter waste bin
